- Several sports conduct a summer program prior to the start of school... varies by individual program, please contact coach directly... especially for fall sports who may hold tryouts in summer.
- A student must have completed his/her eighth grade year before participating in a high school summer program.
- All athletes must have a current physical recorded on the school district approved form, insurance, and complete physical packet on file with the athletic department prior to participating in any physical activity including try-outs, conditioning, practice, and games. Physical packet available in athletic department office and online at website... www.sangorgonioathletics.org
- Incoming freshman may participate in first semester athletics through the Freshmen First Semester Sports Academic Support Plan as long as they have above a 1.00 gpa, are passing at least four classes, and are making sufficient academic progress on each subsequent grade check.
- At the end of the first semester of the freshman year, all athletes, for the preceding grading period, must have a minimum 2.00 gpa on the four point scale and passing at least four classes in order to compete in high school sports.
